SAMPSON IN A DILEMMA

Spanish Fleet Remains Bottled In Santiago Harbor

IT WILL NOT EMERGE AND AMERICANS CANNOT ENTER.

Washington, May 25—Special—Opinions are divided as to what plan Admiral Sampson will adopt to get a fight out of Cervera's fleet now in Santiago bay. The entrance to the harbor is narrow, and will not permit of the passage of two war vessels abreast. Consequently Sampson cannot mass his fleet and make a concerted attack upon the Spanish forts and ships as Dewey did at Manila. Nor can the Spaniards emerge in force to give battle to the Americans. The vessels will be compelled to come out in single file, and will be an easy prey to the American gunners. But there is no surety that the Spaniards will attempt to come out. It is the belief here that Cervera is playing a waiting game in the hope of European intervention on Spain's behalf, and that he will not fight until compelled to do so.

In the meantime Sampson's sailors are becoming impatient, and the admiral himself is galled by the restraint circumstances have placed upon him. There are no fears that he will do anything rash, but his temper is naturally not of the best. He is compelled simply to act as Cervera's jailor instead of fighting him, and this is very irritating to every true naval officer. The Spanish fleet as at present situated is powerless for harm, but the American squadron is almost equally impotent, for it can find no enemy to engage.

Key West, May 25—Special—The censor has just permitted the announcement to be made that Sampson's fleet left off Havana for Santiago Monday.

Small Boats Efficient.

Washington, May 25—Special—The honors of the present war are not going to be won by our gigantic battleships or armored cruisers. The smaller craft are proving quite as efficient, and have thus far had more opportunities for good service. The feat of the tug Wampatuck yesterday in silencing two of the forts at the entrance to Santiago harbor has excited much admiring comment in naval circles. In much of the work of our fleets the so-called mosquito boats are exceedingly serviceable. They are more easily maneuvered than the battleships or cruisers and present a smaller mark for the guns of the enemy. Their guns are terribly effective, and have thus far been handled with great skill. For inshore fighting they far surpass the larger class, and naval experts are beginning to esteem them more highly than heretofore. The cruisers and battleships are doubtless unsurpassable in the open sea, but it is questionable if they will have many opportunities of showing their quality. Dependence for harbor fighting will have to be placed upon the gunboats and torpedo boats, with the larger craft in the distance lending a hand in shelling the enemy's works.

All From Spanish Sources.

Madrid, May 25—Special—The belief in a possible alliance with France or any other country is dwindling.

Admiral Camara's squadron has sailed for Cadiz. After engaging in target practice the fleet will sail for an unknown destination.

An official dispatch says the Philippine rebels are organizing an attack on Manila, and a battle is expected soon.

The captain of the Spanish revenue cutter Callao, recently captured by the Americans at Manila, has been shot for not returning the fire of the Americans.

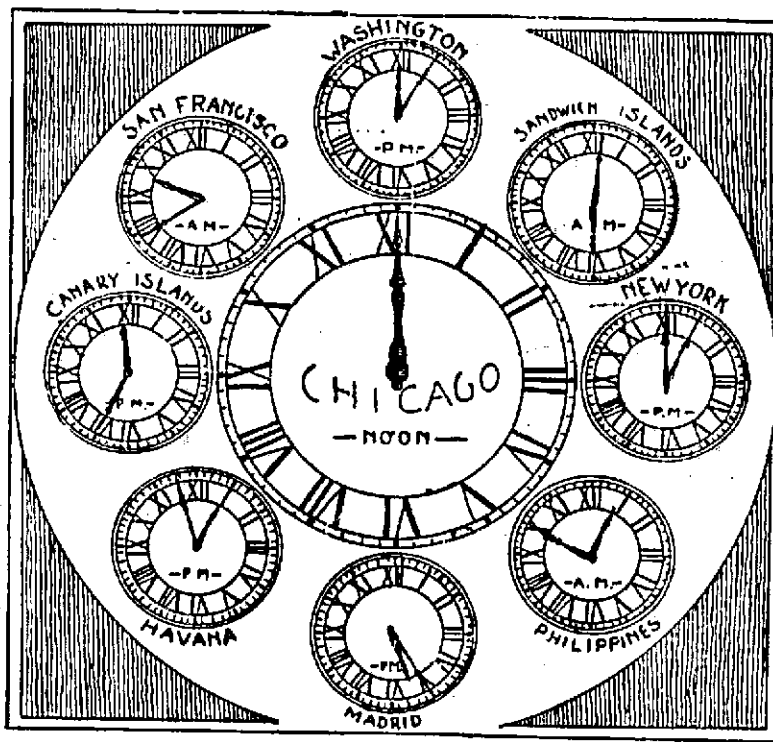

Riots are frequent in Manila, and houses are being burned daily.

The archbishop of Manila announces that four Spanish battleships are now on the way to Manila, and predicts a great Spanish victory.

Lawlessness at Key West.

Key West, May 25—Special—The city has been without police protection, and lawlessness is rampant. Last night John Dorsey, a wealthy machinist, was murdered and robbed. An hour later sailors Wamick and Eisenschneider were shot. The latter died this morning. Both cases are shrouded in mystery.

The murders have led to talk of lynching several negroes. Martial law may be proclaimed at any moment. The marines will probably be called upon to police the town.

A COMPLETE WAR TIME CLOCK.
Havana time is practically the same as New York's. Madrid is 4½ hours earlier. Chicago is an hour later. At the Philippines, lying off the Chinese coast, it is very nearly midnight when it is noon at New York. Keep this time table handy, as it will be of material assistance when you read of the fighting that is going on in the Pacific and in Cuba.

BIG STOUGHTON FIRE

Paint Shops at the Wagon Works Destroyed Involving a Loss Of \$50,000.

Stoughton, May 25—[Special]—Fire broke out early this morning in one of the large paint shops at the end of the Stoughton wagon company's plant. Two paint shops and a large stock of finished goods were destroyed. The estimated loss will not exceed \$50,000 which is covered by insurance.

MAY BUILD A NEW DEPOT

The St. Paul Company May Rival the Northwestern's Structure

With surveying instruments in hand three strangers arrived in the city yesterday, having business here in the interest of the Chicago, Milwaukee & St. Paul railroad. They were from Milwaukee and gave the names of Robert Hamilton, Fred Townsend and Louis Will. The object of their visit here is not definitely known, but certain local railroad officials say that it may mean a new and modern passenger depot here for the Chicago, Milwaukee & St. Paul road.

Some days ago it is known that high officials of the St. Paul road were here and looked over the ground. Since the completion of the handsome structure of the Northwestern company the St. Paul company have hardly been able to stand the pressure.

THINKS HE WAS ROBBED

Gus Ogleson Is Missing a Roll of Bills Since His Spree.

Gus Ogleson, of Whitewater, who was arrested in this city Monday night and lodged in jail for being drunk, came to his senses yesterday only to find that his Janesville spree cost him \$65 in cash. Local friends of the unfortunate man visited him at the jail, and to them as well as to the police, Ogleson admits that he must have been robbed of this amount of money. When searched at the jail Monday night all he had on his person were a few collar buttons. Ogleson says that Janesville is too sporty a place for him.

WEATHER FORECAST.

Chicago, May 25—[Special]—Forecast for Wisconsin:

Fair tonight and warmer Thursday.

SUFFERS FROM A BROKEN LEG

Joseph Davis Sustains Injuries While Driving a Frisky Colt

Joseph Davis, son of Mr. and Mrs. John Davis, who reside near Emerald Grove suffered a bad fracture of his right leg last evening while attempting to break a frisky colt near his home.

He was engaged in driving the animal to a cart when all of a sudden the colt commenced to kick and plunge from one side of the road to the other. Davis was thrown out in some unaccountable way, breaking both bones of his right leg between the knee and ankle so that they protruded through the flesh. Aid from this city was summoned and the injured man was made as comfortable as possible.

WERE TOLD TO MOVE ON

Street Music Is Not Appreciated by the Marinette Police.

"Dot leadie German band" which invaded Janesville but a few days ago, met their Waterloo in Marinette this week where they were obliged to cut their music short. They started in at the depot and when they reached the postoffice office of police Cook heard the "Moosie" and in a few minutes silence reigned supreme. The chief quietly instructed them to quit playing or leave the city. The leader protested and tried to secure the mayor by phone without success. Chief Cook says that they violated an ordinance that prohibits itinerant musicians from being on the streets without a permit from the mayor.

CLAM SHELLS COME HIGH

High Prices Shut Out Janesville Buyer, From Leontonia Market

Richard Finley, of local clam shell buying fame, paid a visit to Leontonia yesterday for the purpose of buying several tons of shells which he intended to ship to the eastern market. When he arrived on the scene he found that other buyers were there in the interest of eastern pearl button manufacturers, and that they were willing to give \$4 a ton more for the shells than what he would pay. Mr. Finley returned home without making a purchase.

Whether or not there will be a demand for shells here this summer remains to be seen.

HAVE DONE A GOOD WORK

Mr. and Mrs. George Shawson's Evangelistic Tour of Minnesota.

Mr. and Mrs. George Shawson, who formerly made Janesville their home, and who have of late resided in Evansville, have recently returned from the evangelistic work they have been carrying on in the state of Minnesota during the past five months. Their report shows a most prosperous season, and Mr. Shawson and his genial wife are highly elated over their good work. They will leave again about the first of next month, when they go to Albert Lee, Minn., to assist Evangelist F. J. Jones with his work.

The Italian string band which has been here during the week has been engaged to furnish music, which is in itself a treat. Dancing will commence promptly at 8:30 o'clock and about twenty-five couples will be on hand to participate in the fun.

ENGAGE IN SHAM BATTLE

Volunteers at Chickamauga Have a Foretaste of War.

LIVELY FIGHT BETWEEN SEVERAL WESTERN REGIMENTS.

Chickamauga Park, May 25—Special—The Twenty-seventh and Twenty-eighth Indiana regiments will be given arms and horses today. It is reported that a hundred and fifty of the Seventh Indiana will be equipped at once and rushed off to Jacksonville. The Sixteenth Pennsylvania and Second Wisconsin will accompany them.

At four this morning nine regiments of the first division, first army corps, were aroused and ordered to prepare for battle. Blank cartridges were then distributed, and the boys knew that they were in for a sham battle. The First Ohio, Third Wisconsin and Fifth Illinois were pitted against the Fourth Ohio, Fourth Pennsylvania and Third Illinois. The Hundred and Fifty-seventh Indiana, Second Wisconsin and Sixteenth Pennsylvania later went into the fight to cut off the first brigade's retreat. The Wisconsin and Illinois boys behaved splendidly, but succumbed to the intense heat. The fight was spirited, and several men were slightly injured.

The Cuban Invasion.

Tampa, May 25—Special—Everything here is placid upon the surface, yet a close observer will be impressed by the conviction that a movement of importance is impending. This can be nothing less than the invasion of Cuba, and no one would be surprised to awake any morning and find the harbor clear of the transports that now line the wharves. When the start is made it will be under cover of darkness—not later, probably, than 10 o'clock, so that troops may reach their destination at daybreak on the following day and land ere the sun is fairly risen. This is the plan of the invasion; its execution has been entrusted to prudent men.

More Volunteers Called.

Washington, May 25—Special—The president today issued a call for seventy-five thousand additional volunteers.

Under today's call, Illinois' quota of men is 4,828, Indiana's 2,582, Minnesota's 1,724, Wisconsin's 1,965. Following the call for volunteers comes a semi-official announcement that 20,000 troops will be started shortly for Porto Rico. They will be conveyed by Admiral Sampson's fleet, which has been ordered to reduce the fortifications at San Juan.

No News to be Had.

Washington, May 25—Special—There is a dearth of news here as to the movement of both the fleets and armies. Sampson and Schley are still doing guard duty over Cervera's fleet at Santiago, a few of the vessels meanwhile taking scouting cruises along the coast. At Tampa, Key West and Mobile everything is in readiness for the embarkation of troops for Cuba.

The Oregon.

Washington, May 25—Special—It was officially announced at the navy department this morning that the battleship Oregon has arrived at Jupiter Inlet, Fla. The information of the department is that the ship is safe and all on board well. Neither Secretary Long nor other officials will say anything in regard to the Oregon's future course. It is presumed she will go to Hampton Roads to be overhauled.

Cervera Bottled.

Washington, May 25—Special—The navy department now practically admits that Cervera's fleet is bottled up at Santiago. Whether Sampson shall attempt to force his way into the harbor and meet the Spanish fleet he alone must decide.

Sensational Rumors Denied.

Washington, May 25—Special—The navy department still denies that it has information of a battle. Yesterday's sensational rumors were started by Wall street brokers.

Foreign Residents Safe.

London, May 25—Special—A dispatch from Hong Kong says that Manila's foreign residents are now safe. Foreign cruisers have taken concerted action for their protection.

DR. HALSEY WRITES OF HIS TROUBLE

FORMER JANESVILLE PASTOR
TELLS ABOUT MATTERS.

In a letter to Dr. E. E. Loomis he gives the facts concerning the officious Racine policemen, and the unpleasant experience that followed—Was Sick, Not Drunk.

Rev. Dr. Sablin Halsey has written the following letter to Dr. E. E. Loomis of this city:

Pleasant Prairie, Wis., May 22, Dear Doctor Loomis:—I received your kind letter last evening. It brought tears to my eyes and did me more good than all the medicine taken for three days. We never found truer friends than in Janesville. I was not and am not a horse thief and was not intoxicated. You are entitled to a brief statement of facts in this, to me, strange affair. For days I had suffered intensely from the bite of some insect just between the eyes. One eye was almost closed and the glands under the ears were badly swollen. I was restless and feverish. On Tuesday I went to Milwaukee to settle some business affairs and reported on arriving to Dr. Ward. He dressed my head and said it looked very angry. He dressed it twice the next day and I told him I thought of driving that evening as far as South Milwaukee, then home the next day. He advised me not to go. A storm came up and I was obliged to remain until morning. I passed a sleepless night and was not well when I started Thursday morning. I drove to South Milwaukee and called on friends, said nothing about being sick for fear it would worry an aunt who is an invalid. Miss Ward dressed my head and I drove on. After driving about two miles my head began to ache at the base of the brain and at times I was dizzy, I had tincture of Gale in my pocket and took a good dose. The ache came out but I was very near exhausted. I began to grow drowsy and sick at the stomach and was bathed in a cold perspiration. I judged I was about ten miles from Racine and judged if I could reach Racine, find a stable, send for Dr. Bucland, an old friend, I would be all right. I gave the horse a sharp cut with the whip and he was on his mettle. The mud was thin, and of course at the pace he struck, covered the buggy. When near Racine I succeeded, by repeatedly thrusting a finger down by throat, in vomiting, which relieved me, but left me weak. I pulled the horse to a walk to let him cool off, and took the easiest possible position. It was with difficulty I kept awake. Judge of my surprise, while driving on a walk, as I had been doing for a mile or more, a man sprang into the buggy, caught the lines, and said he would take the horse. I asked him what he meant? He replied, "I am a detective, and take you in charge for stealing the horse." I told him he was mistaken. The horse was mine. I had owned him, as I could prove, for over two years. I told him (Rev. Haylett knew me, and I could explain everything. He drove me to jail, and I drove away with the horse. An officer took me in, and then two men went through my pockets. I asked them why I was there, and the reply was, for stealing the horse. I denied the charge; told them who I was, and asked them to send for Haylett. While they were searching me, a man came in, placed his hand on my shoulder and said, "You are the man who stole my horse." I denied it, and told him the horse was mine, that I had owned him for over two years. I could show. He went out and I was placed in a cell. The shock completely unnerved me in my weak condition and it was difficult for me to realize that I was under arrest. I was very thirsty with no means at hand for procuring a drink of water. After a time, a prisoner who had the privilege of the hall, said he would find a cup and bring me some water. About two p. m. as near as I am able to judge, a reporter came in, then Haylett and Mr. Dutton, and others came. In a short time I was out and taken to the court room. The judge said: "You are charged with being intoxicated. Guilty or not guilty?" I replied not guilty, and asked the privilege of making an explanation, which was granted. I was confused, dazed, and scarcely able to collect my thoughts. For hours I had been very sick, was weak, and the arrest nearly crushed me. I think anyone, save a hardened criminal, even if well, would have been confused. Someone, I think Mr. Dutton, suggested that the case be adjourned for ten days. I told the judge if there was anything to settle I wanted it settled then. Mr. Dutton then suggested that the case be withdrawn. The judge said there was no objection if the city was satisfied. It was agreed by paying the costs to withdraw the charge.

Then the man who arrested me wanted me to agree not to prosecute him. Mr. Dutton and Haylett said I had better do that than to have the expense and trouble of a suit. So I agreed to that proposition also. Then I went with Mr. Dutton and Haylett to find my horse, had him harnessed and drove twenty miles through the mud home. When within about five miles of home I began to be drowsy, but had no fear of being arrested among honest farmers.

I cannot understand this affair. It is strange they would not give me a chance to explain matters. When they found out that I told the truth about the horse and about myself the charge was changed to intoxication.

I was not intoxicated; was never intoxicated in my life. I told the truth about that, as about the horse. I had been very sick for hours and you can readily see weak as I was, and the nervous condition I have been in, how the arrest and the intense mental pressure completely unnerved me.

The Racine papers, of course, have made some stir over the matter, and probably other papers also. The officer now says if I told him who I was, and that I knew Haylett, he would have driven me to his house. I did tell him who I was, and he would not believe me; and I did ask him to send for Haylett. He was sure he had captured a horse thief, so explanations were not in order. He never said a word to me about being intoxicated; that was evidently an afterthought.

I see by the Racine paper the officer says the horse was going from one side of the street to the other. That is not true. The horse is so well trained to the city that he will keep the road without a driver.

When the officers searched me they found a number of things in my pockets. There was a four ounce bottle about two thirds full of whiskey, with five or six bottles of medicine, thirty-eight dollars in money, my check book, a number of letters, tooth brush, keys, comb, knife and a Masonic charm; but the only thing they thought worth reporting was about two or three ounces of whiskey.

Now I want to thank you again for the letter and send my thanks to Mr. Burham.

Before God I am innocent no matter what the papers say or what the officer who arrested me may say. He was very anxious to have an agreement signed before I left the court room not to prosecute him. Personally I feel broken-hearted and crushed. I have no appetite, sleep but little. The moment I close off I wake up with fright over being arrested and put in jail. It will take time to get back again and feel like myself.

This is a long letter, but your kindness and brotherly interest merits this partial statement of fact. I would like to write to all my friends but am too weak at present. You can make any use of these facts you deem wise. I would like Messrs. Burham, Phelps, Bliss, Carle, Palmer, McIntyre and others who believe in me to know the facts.

Mrs. Halsey and Ethel want me to send their deepest gratitude to you for the kind letter. May God deal graciously with you. In a few weeks, possibly about the middle of the month, I may visit Janesville, but I will not drive my horse.

Affectionately yours,
S. HALSEY.

What to do for the future I know not. If my friends do not lose confidence in me I am confident of being able to take work. Have preached a number of times in a few months with ease.

CANNOT BE TRANSFERRED

Saloon Licenses Are Not Properly Articles of Merchandise.

Much trouble has occurred in various towns in the state over the transfer of saloon licenses, and the legality of such transfer has been tested before the supreme court. That tribunal has just handed down a decision in a case brought by Harry S. Bayne, of the town of Spencer, in which the court decides that a license to sell liquor is not assignable. Bayne was granted a saloon license by the town board of the town of Spencer, July 9, 1897, and a few months later he rented the saloon, sold the stock of liquors and assigned his license to Peter J. Backes. The town board annulled the transfer and voted to transfer to Backes the license it had granted to Bayne. After he had sold liquor under this license for several weeks Backes was arrested charged with selling liquor without a license. He was convicted in justice court and appealed to the circuit court. That court convicted him, and after suspending sentence certified the case to the supreme court. The supreme court says:

"The powers of the town board are purely statutory. It could only exercise such powers as were expressly granted to it by statute, or necessarily implied from the powers so granted. A license granted is a mere privilege to be enjoyed while the conditions and restrictions are complied with, and implies special confidence and trust in the licensee. From the very nature of things such a license is not assignable at common law. The fact that Bayne took the saloon from Backes, and took an assignment of his license, therefore, gave no authority to sell under the license issued to the latter."

From other sources, however, it is learned that Oshkosh has a future before her as a railway center. Parties in a position to know state that no more shops of any kind have been made on the division shops of the Central road at Stevens Point and Waukesha for the past several months and that the erection of extensive new shops at some point midway of these two cities has been under contemplation for some time past. Oshkosh, it is said, is the choice of the officials.

RACINE CHURCH ROW

Clergyman Who Refused to Admit the American Flag to His Church

Racine, Wis., May 25.—The feeling continues against the Rev. Conrad Jaeger, the pastor who refused to allow members of Gov. Harvey Post, G. A. R., to enter his church with the American flag and take part in the funeral services of Comrade Stephen Kaiser. The preacher says it is against the constitution of the church to allow a secret organization to enter the church and take part in services over the dead, and that he believed the G. A. R. was a secret organization. Gov. Harvey Post held a meeting last night and passed vigorous resolutions, denouncing the action of the minister. Members of the church also protest, and it is said that a request will be made that Mr. Jaeger resign. He has been with the church ten years.

CUBA UNDER THE CALCIUM

Illustrated Lecture on the Gem of the Antilles Last Evening

"Cuba and Our Navy" was the subject of a lecture delivered last evening by William M. Lawton at Christ Church Parish House. The lecture was illustrated by many illuminated views of the scenes made conspicuous during the present conflict and the leading actors in the drama of war. The pictures delineated Cuba, its cities, houses, gardens, plantations and its most beautiful bits of scenery; the Cuban soldiers and their methods of warfare; Cuban reconcentrados; Spanish soldiers; prominent men in America, Cuba and Spain; the battleship Maine, her officers and crew and other typical boats of our navy and a beautiful representative of the stars and stripes.

Mr. Lawton gave a running description of the views as they passed upon the canvas and succeeded in awakening much interest among his auditors.

Emerald Grove.

Emerald Grove, May 24—Rev. and Mrs. O. W. Dennis attended the Beloit convention of Congregationalists at Darlington. The hat and bonnet social by the Ladies' Aid society was a success in every way, and altogether a profitable affair. Miss Edna Wright is having a serious illness. Dr. Mills is attending the patient. All are hoping for her recovery. The sympathy of the community goes out toward the family, as it will be remembered they just recently buried their daughter Edith. Extensive preparations are being made for children's day exercises, music, recitations, and all to make an interesting program. In the evening the pastor will talk to the children. Decoration Day exercises will be held at the grove. Hon. John M. Whitehead is expected to deliver the address. Members of the Janesville Drum Corps will assist the Grove Corps in rendering the martial music. And under the direction of Mrs. A. D. Barlas, vocal music by our home talent. All invited to join us in the service. Next Sunday morning Rev. O. N. Dunlap, will deliver an address in memory of the soldiers of the sixties. E. W. Bors is confined to the house. He has a parrot and its name is messles. There will be a flag raising in the village Memorial day morning. A subscription is being circulated to defray the expense. Do you care to assist? Heavy showers during the last week and the present warm weather are forwarding crops rapidly. Mills & Jones sell a fair plow share for \$1.10 per pair.

All Who Use Whiskey

either as a medicine or a beverage should remember the fact that the vilest kind of "dissections" are made up from common spirits and sold under the name of whiskey and even guaranteed as straight and pure by some druggists and dealers. If you are duped now by any such persons you have only yourself to blame, as the U. S. government guarantees a straight, pure, genuine whiskey.

Green River Whiskey.

IS THAT WHISKEY?

It is bottled under the direct supervision of the U. S. Government. The stamp of the nation covers every bottle of it, thus certifying its genuineness, age, proof and purity.

Be sure you Get Green River Whiskey. It is the whiskey without a head-ache.

HALL IS MISTAKEN.

Under the caption "Makes a Full of It." The Madison Journal has this to say:

Assemblyman Hall has a lengthy letter in this morning's Milwaukee Sentinel, opposing the nomination of Gov. Scofield. His opposition is based upon the statements, not one of them true, that the governor is usually friendly to the railroads, and is opposed to taxing sleeping car, express companies, etc. He makes the assertion, with great ado, that the governor shipped a cow from his home, at Oconto, to Madison on an express frank. He thinks this awful, and proceeds to argue with this statement as a basis that the governor is a friend of corporations, and should not be re-elected.

But unfortunately for Mr. Hall, his charges are untrue. Gov. Scofield paid for the shipping of his cow and has a receipt for the charges a copy of which will be published. Mr. Hall has made a bull of this cow business, as he will find out to his sorrow very soon. We have only time for this brief mention of Mr. Hall's letter today. He will hear more of it later, and he will be the subject of ridicule "until the cows come home," for being victimized by such a ridiculous rumor.

A "GRAPEVINE SPECIAL."

Constant Reader—Although you have been asking a good many questions of late we will say that the following is a "grapevine dispatch" thus enabling you to dodge news of that character in the future. The heading should be in block letter one inch high, and the dispatch should be set in black type, such as is used in auction bills:

SAMPSON IS READY TO ENGAGE THE WHOLE SPANISH FLEET
Greatest Naval Battle in History Will Take Place Within 24 Hours—Mr. Lyre Gets the Facts.

Key West Cigar Factory, May 21, 3:42 p. m.
—(Special Dispatch to The Janesville Daily Gazette, The Stars Planet, The Saturn Sun, the New York Sun in Distress, the Honolulu Howler, The Cross-Roads Crescent, and the Blam Scimitar.) Copyrighted 1898 by William Must Burt, via Dispatch to the Galveston, Texas. (Delayed in Transmission)—I was told today by a man whose honesty I cannot and will not question, because it would "put" this story if I did, that Admiral Sampson expected to fight the Spanish fleet at a point 14,350 feet from the west end of the island Cigarette Sure Death within twenty-two and one-half hours, central time, after the fleets meet at this point. While I, personally, do not attach much importance to this statement, I do not feel that I can ignore it.
WILLIAM SNOODGRASS LYRE.

SENATOR WHITEHEAD'S STAND.

Senator John M. Whitehead goes unequivocally on record in favor of a united party this fall. He discounts all efforts to create internal disturbances, and declares that Gov. Scofield should be re-elected. Senator Whitehead is equally enthusiastic in his support of Congressman Cooper, and does not favor, apparently, the petty fight being made on the able congressman. The Racine people who are trying to vent personal grievances should take notice of Senator Whitehead's action. Their course is greatly in contrast with that of Senator Whitehead, who speaks out boldly in favor of party good above all other considerations.

DR. HALSEY'S DEFENSE.

On another page will be found a letter from Rev. Dr. Halsey, which will be read with interest by his many friends in Janesville. Dr. Halsey was a victim of an unscrupulous officer that the people of Racine should deal with most emphatically. He was also the victim of unwise friends, who permitted him to appear in court when the case could have been settled just as well with less notoriety. Dr. Halsey's friends sympathize with him deeply, and will express their sympathy by standing by him at a time when friendship means more than a title.

Beware of the Man who goes About shouting "Down with the Machine!" That man has a Machine of his Own to run and a Bee buzzeth in his Bonnet. He is a Wolf in Sheep's clothing.

The fact that so-and-so did not get the appointment as postmaster at such-and-such a place, is not as important a matter with the tax payers who desire an able man to represent them in congress as a month of the dis-

appointed office seekers appear to think. Congressman Cooper has made a splendid record and the people will not turn against him at the behest of sore heads.

Hobbist A. R. Hall finds a warm supporter in his attack on the governor in the Milwaukee News. Birds of a feather flock together and cranks will turn in unison.

And the attention of Mr. A. R. Hall might properly be called to the fact that he can also serve his country by enlisting.

Talks of Hawaiian Annexation. Washington, May 25.—Representative Tawney of Minnesota, in discussing the Hawaiian annexation issue, gave his personal opinion that the report of the foreign affairs committee on the Newlands resolution would be taken up in the house the latter part of this week, and that liberal time for debate would be allowed. He has made a personal canvass of the republican side of the house, and has found 189 republicans ready to vote for annexation. About two-thirds of them, he said, favor immediate consideration. Contrary to a published report, Mr. Tawney has not represented to Speaker Reed the sentiment of the house in favor of annexation, but he believes a prompt consideration of the resolution will be allowed on the floor.

Milwaukee Carnival Week.
Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee, 10c and 25c.

SANTA FE TRAIN HELD UP.

Express Safe Blown Open by New Mexican Bandits.

Albuquerque, N. M., May 25.—Information was received Tuesday from Belen, a small station on the Santa Fe about thirty miles south of this city, that the Santa Fe train No. 21, the southbound California express, had been held up by bandits, who boarded the train at Belen and compelled the engineer to bring it to a stop about five miles south of that station. They gained entrance to the express car and threw the through safe out into a ditch, where, with the aid of dynamite, they blew it open and pocketed the contents. Just how much money they got is not known.

Then the robbers escaped on horses that were in waiting. So far as is known none of the passengers was molested. The railroad company notified the sheriff at Las Lunas, who, with a large posse, started in pursuit.

Exceeds 20,000,000 Bushels.
Seattle, Wash., May 25.—Timely rains give assurance of a wheat crop in Washington in excess of 20,000,000 bushels. Anticipating a large crop, the Great Northern railroad is preparing to construct docks and a warehouse 1,000 feet in length, to be completed by Sept. 1. The bulk of this grain will go to the Philippines, Japan and China.

Wisconsin W. C. T. U. in Session.

Chippewa Falls, Wis., May 25.—One hundred and fifty prominent women from every portion of Wisconsin met here Tuesday on the opening of the twenty-fifth convention of the Wisconsin Woman's Christian Temperance union. Mrs. V. H. Campbell of Evansville, president of the state organization, presided. The convention will last four days.

Visits Wisconsin Soldiers.

Milwaukee, Wis., May 25.—Adj. Gen. Boardman left Tuesday for the south, to visit the camps of the Wisconsin troops, and will remain there about two weeks. Gov. Scofield had intended to go, also, but has been prevented by pressure of state business, and will probably go next month.

Supreme Court Meets May 31.

Washington, May 25.—Chief Justice Fuller announces that the supreme court will meet again on Tuesday, May 31, and then would adjourn sine die for the session.

Message from the Charleston.

San Francisco, Cal., May 25.—The following was brought to the Examiner office by a carrier pigeon: "On Board United States Steamship Charleston, 10 a. m., Sunday, May 22. Griffin, Naval Pay Officer, San Francisco: Please report us now passing lightship. Good weather. All well.—Henry Glass."

Practical Application of a Proverb.

Whether on business or pleasure bent, or sport claims you as one of its votaries, the New York Central affords all, and more than all, the best, in road-bed, in safety of mechanical contrivances, in the elegance and comfort of its coaches, in the creature comforts of its dining and sleeping cars, it is unsurpassed and unsurpassable. Its management is modest in claiming that "the ramble of the Empire State Express is heard around the world." They might, with justification, have claimed that its praises are so heard. A journey in this, the fastest regular train to the world, is marked as a red-letter day in the memory of the oldest traveler; and in many a book of reminiscences the New York Central has received the recognition that is its due. No traveler, be he native born or foreign, who has passed over this greatest of American railroads but who is willing to give it unstinted meed of praise; indeed, few wait for inspiration to do so. "Safe, blind, swift" is a proverb, that in railroad matters, its management has studied well and applied practically. The public records attest it.—Ontario.

SPAIN IS READY FOR PEACE

Will Take First Opportunity to End the War.

ONLY AWAIT A PROPOSITION.

If an Honorable Settlement Is Offered It Would Be at Once Accepted—Marshal Campos Gives Spanish Officials Some Sound Advice.

London, May 25.—A dispatch from Madrid to the Daily News says that although the reported negotiations with the powers to secure the re-establishment of peace have not taken place, there is a possibility of peace at no distant day. The responsible statesmen of Spain are prepared to seize the first opportunity for ending the war, provided the terms of peace are honorable to Spain.

The latter would not initiate negotiations, as she did not initiate the war, but should a neutral nation submit an honorable arrangement it would be examined in Madrid in no impractical spirit of false pride. Peace with honor is the genuine desire of the Spanish government. If, however, America insists upon a sacrifice of honor, the Spaniards will continue fighting.

In an interview Marshal Martinez Campos said he felt certain that if the natives of the Philippines sided with Spain the United States would never be able to wrest the islands from the Spanish. The officials, he added, ought to exercise much tact and win over the natives, as the salvation of the islands was in the latter's hands.

He pooh-poohed the alarmist rumors concerning the British preparations at Gibraltar and said that Spain had nothing to fear from that quarter. In conclusion Gen. Campos said: "The important thing is that Admiral Cervera be able to divide the United States squadron."

Madrid, May 25, Via Biarritz, France.—The accumulating by the Spanish government of stores and troops in the vicinity of Gibraltar continues. This action seems to be prompted by profound suspicion of Great Britain, which it is believed, is preparing an expedition of 7,000 men to seize Tangier in the event of any power declaring hostilities against her.

Stop! Women

And Consider the All-Important Fact

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience in treating woman's diseases is greater than that of any living physician—male or female.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides, a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is greater than any local physician. The following invitation is freely offered; accept it in the same spirit:

MRS. PINKHAM'S
STANDING INVITATION.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.
